Councillor G Lynch, as District Councillor reported that he had attended the Public Residents Meeting about the Travellers and he spoke about the temporary barriers that had been implemented. Councillors noted that the District Council will be looking at more of a long term permanent measure, but this would be after consultation with other statutory consultees and partners, including consulting and working with local residents. Following the suggestion from Councillor Lynch about utilising the Town Council's website with details about any suggestions or proposals, together with maps about potential allocated sites, the Deputy Clerk asked for a set of wording from SCDC, including an expiry date for the consultation period which could be put onto KTC web site.

With regard to Travellers and at this point and within Councillor Lynch's Report, Councillor Comber reported that he and Mr Rayworth have viewed local areas with a view to identifying potential sites at risk areas in the future for travellers, together with establishing the owners of the said identified areas. Councillor Lynch considered that liaison with the Town Council is imperative. Councillor S Fairbrother raised her concerns about early inclusion and consultation with the local electorate. Councillor Lynch said that he would liaise with the Town Council with a view to arranging for a suitable article to be published in the earliest edition of Kesgrave News.

Councillor Lynch continued with his Report and advised the Town Council that Planning and Development Control aspects are currently being reviewed by the Local Planning Authority (LPA) and the proposed changes, once agreed and when the legalities have been finalised will be fed back to the Town Council.
