

Annual Report 2017/18
District Councillor Sue Mower

It has been a pleasure to continue to serve the residents of Kesgrave over the past 12 months.

Although councils in general have needed to make considerable cost savings, the Enabling Communities Budget Scheme was of great assistance in allowing me to support local organisations and activities. This included the following:-

Age UK Suffolk	Funding to help deliver a monthly social and support group to help reduce loneliness and isolation	1800
Kesgrave Town Council	Funding towards the purchase of 9 skateboards, pads and helmets as part of a 8 sessions for children in Whitton	500
Kesgrave Town Council	To fund an Ice Rink on 25 & 26 November 2017 for the benefit of local residents	1393
Kesgrave Cricket Club	Kesgrave Cricket Club wish to purchase a new, external practice net facility at the club ground in order that both junior and senior players can benefit from a top quality coaching in a purpose built facility	1000
Suffolk Babies	Funding for Improvements to community baby care centre	1727.88

Please contact me should you know of any local community groups in need of funding in respect of the current financial year.

At the District Council I sit on committees Audit and Governance and Scrutiny. More recently, in respect of the merger with Waveney District Council, I applied and was chosen to sit on the Finance Merger Working Group. I wished to be involved in ensuring that the joining of the councils is carried out with financial efficiency.

I am here to assist residents with any local concerns. I can be contacted by tel: 01473 636098 / 07778 250848 – email: susan.mower@suffolkcoastal.gov.uk

Kind regards,

Sue
