

Kesgrave Library overview for Kesgrave Town Council: 2017 / 2018

The popularity and success of Kesgrave Library over the last few years is such that Suffolk Libraries has recently taken the decision to increase the opening hours at the library by 6 hours per week in order to manage. The library is currently carrying out a consultation with customers to identify which additional opening times would be most popular. Once this survey is complete, the task of identifying staff to work the additional hours will take place. It is likely that the increase in hours will be implemented during May or June.
